BUSINESS COMMUNICATION MADE EASY

- Ⓛ The integrated **Personal Organizer** helps you manage your time efficiently, through WebMail with an Outlook-like familiar interface. It provides features such as calendar, tasks, notes, meeting requests etc.
- Ⓛ Manage all your **personal, public and domain contacts** in an efficient way
- Ⓛ Create **user groups and mailing lists** in order to simplify your communication flow
- Ⓛ Collect emails from external email accounts (such as Yahoo, Gmail etc.) using the **Remote POP** capability; access them directly from your mailbox folder tree
- Ⓛ Define **out of office messages** and copy correspondence (according to predefined rules) to a designated fellow worker while on vacation

OVERALL SECURITY TO PROTECT YOUR BUSINESS

- Ⓛ **Multiple AntiVirus & AntiSpam** scanners support, applicable selectively to groups of users
- Ⓛ Implement powerful **firewall-like rules** in Axigen using the multi layer Access Control
- Ⓛ Manage the email traffic using the Axigen Flow Control to **prevent bombing attempts**
- Ⓛ Implement specific company security policies through various options, such as **Blacklists, Whitelists, Message Acceptance Rules** etc.
- Ⓛ Specific AntiSpam mechanisms available, such as Sender and IP validation - **Sender Policy Framework & DomainKeys** compliant
- Ⓛ Prevent users from setting unsafe passwords through **Password Enforcement** policies
- Ⓛ **Anti Impersonation** policies, preventing inside threats

POWERFUL TECHNOLOGY AT YOUR SERVICE

- Ⓛ Comprehensive server **charts and statistics** to monitor your server's health
- Ⓛ Efficient **storage management**: single storage of emails sent to multiple recipients (particularly useful for distribution lists and groups)
- Ⓛ Perform **incremental backups and restore your information** fully or partially (only a selected domain, account, or even parts of an account, such as email folders or email messages)
- Ⓛ Automatic tools providing **on the fly, user transparent migration** from your legacy server

*) Free for one year

Reviews & Testimonials

“ If you ask us which of the test candidates was our favourite, we would have to go for the AXIGEN Mail Server. [...] If you are looking for a good mail server with excellent WebMail support, you will be very happy with the AXIGEN Server. ”

Linux Magazine

“ The support service is really awesome, the best I have ever experienced from any company. You get an answer within the hour, even when you are a non-paying customer. I even got replies in weekends in the middle of the night. Really amazing! ”

Nick Snels
